

Journey map for:

Use your own experience/context to complete the journey map

Date:
 Created By:
 Organisation:
 Role:

A journey map focusses on experiences from the user's perspective, using text and visuals. It helps us to see the big picture, both over time and context. Your journey may be as a student, as a teacher/facilitator, a curriculum lead in your organisation, an educational administrator or manager.

Awareness

How do students/teachers find out about it?

Join

What do they need to participate?
 Eg. Voluntary/mandatory

Use

What happens?
 Eg. activities/engagement/assessment

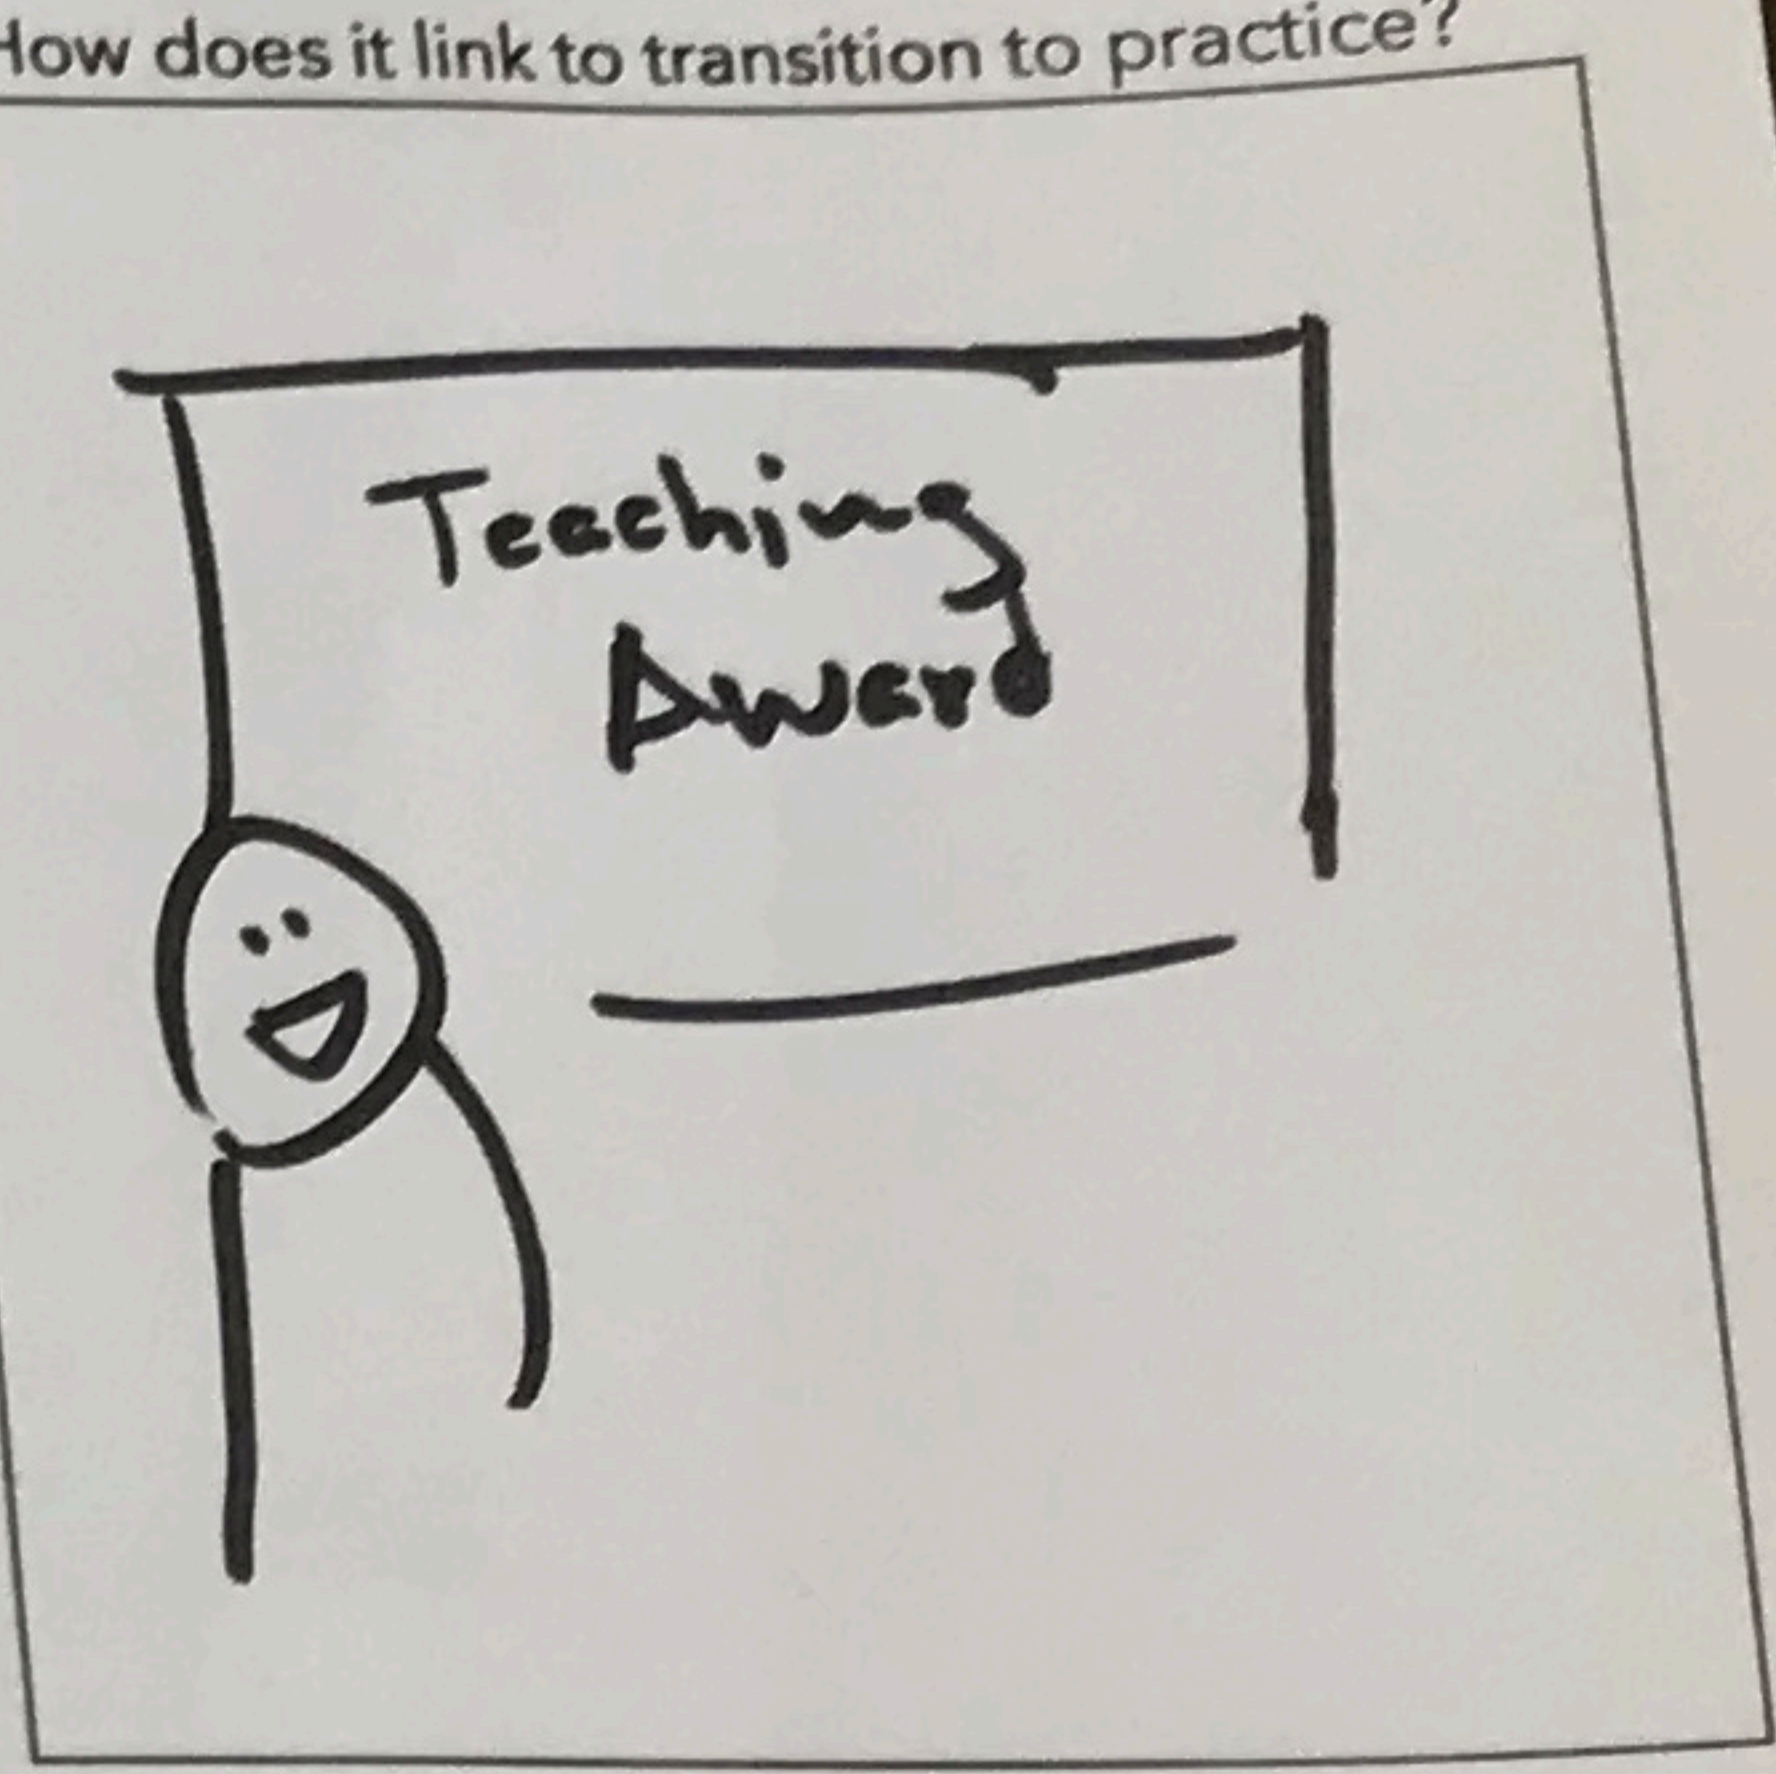

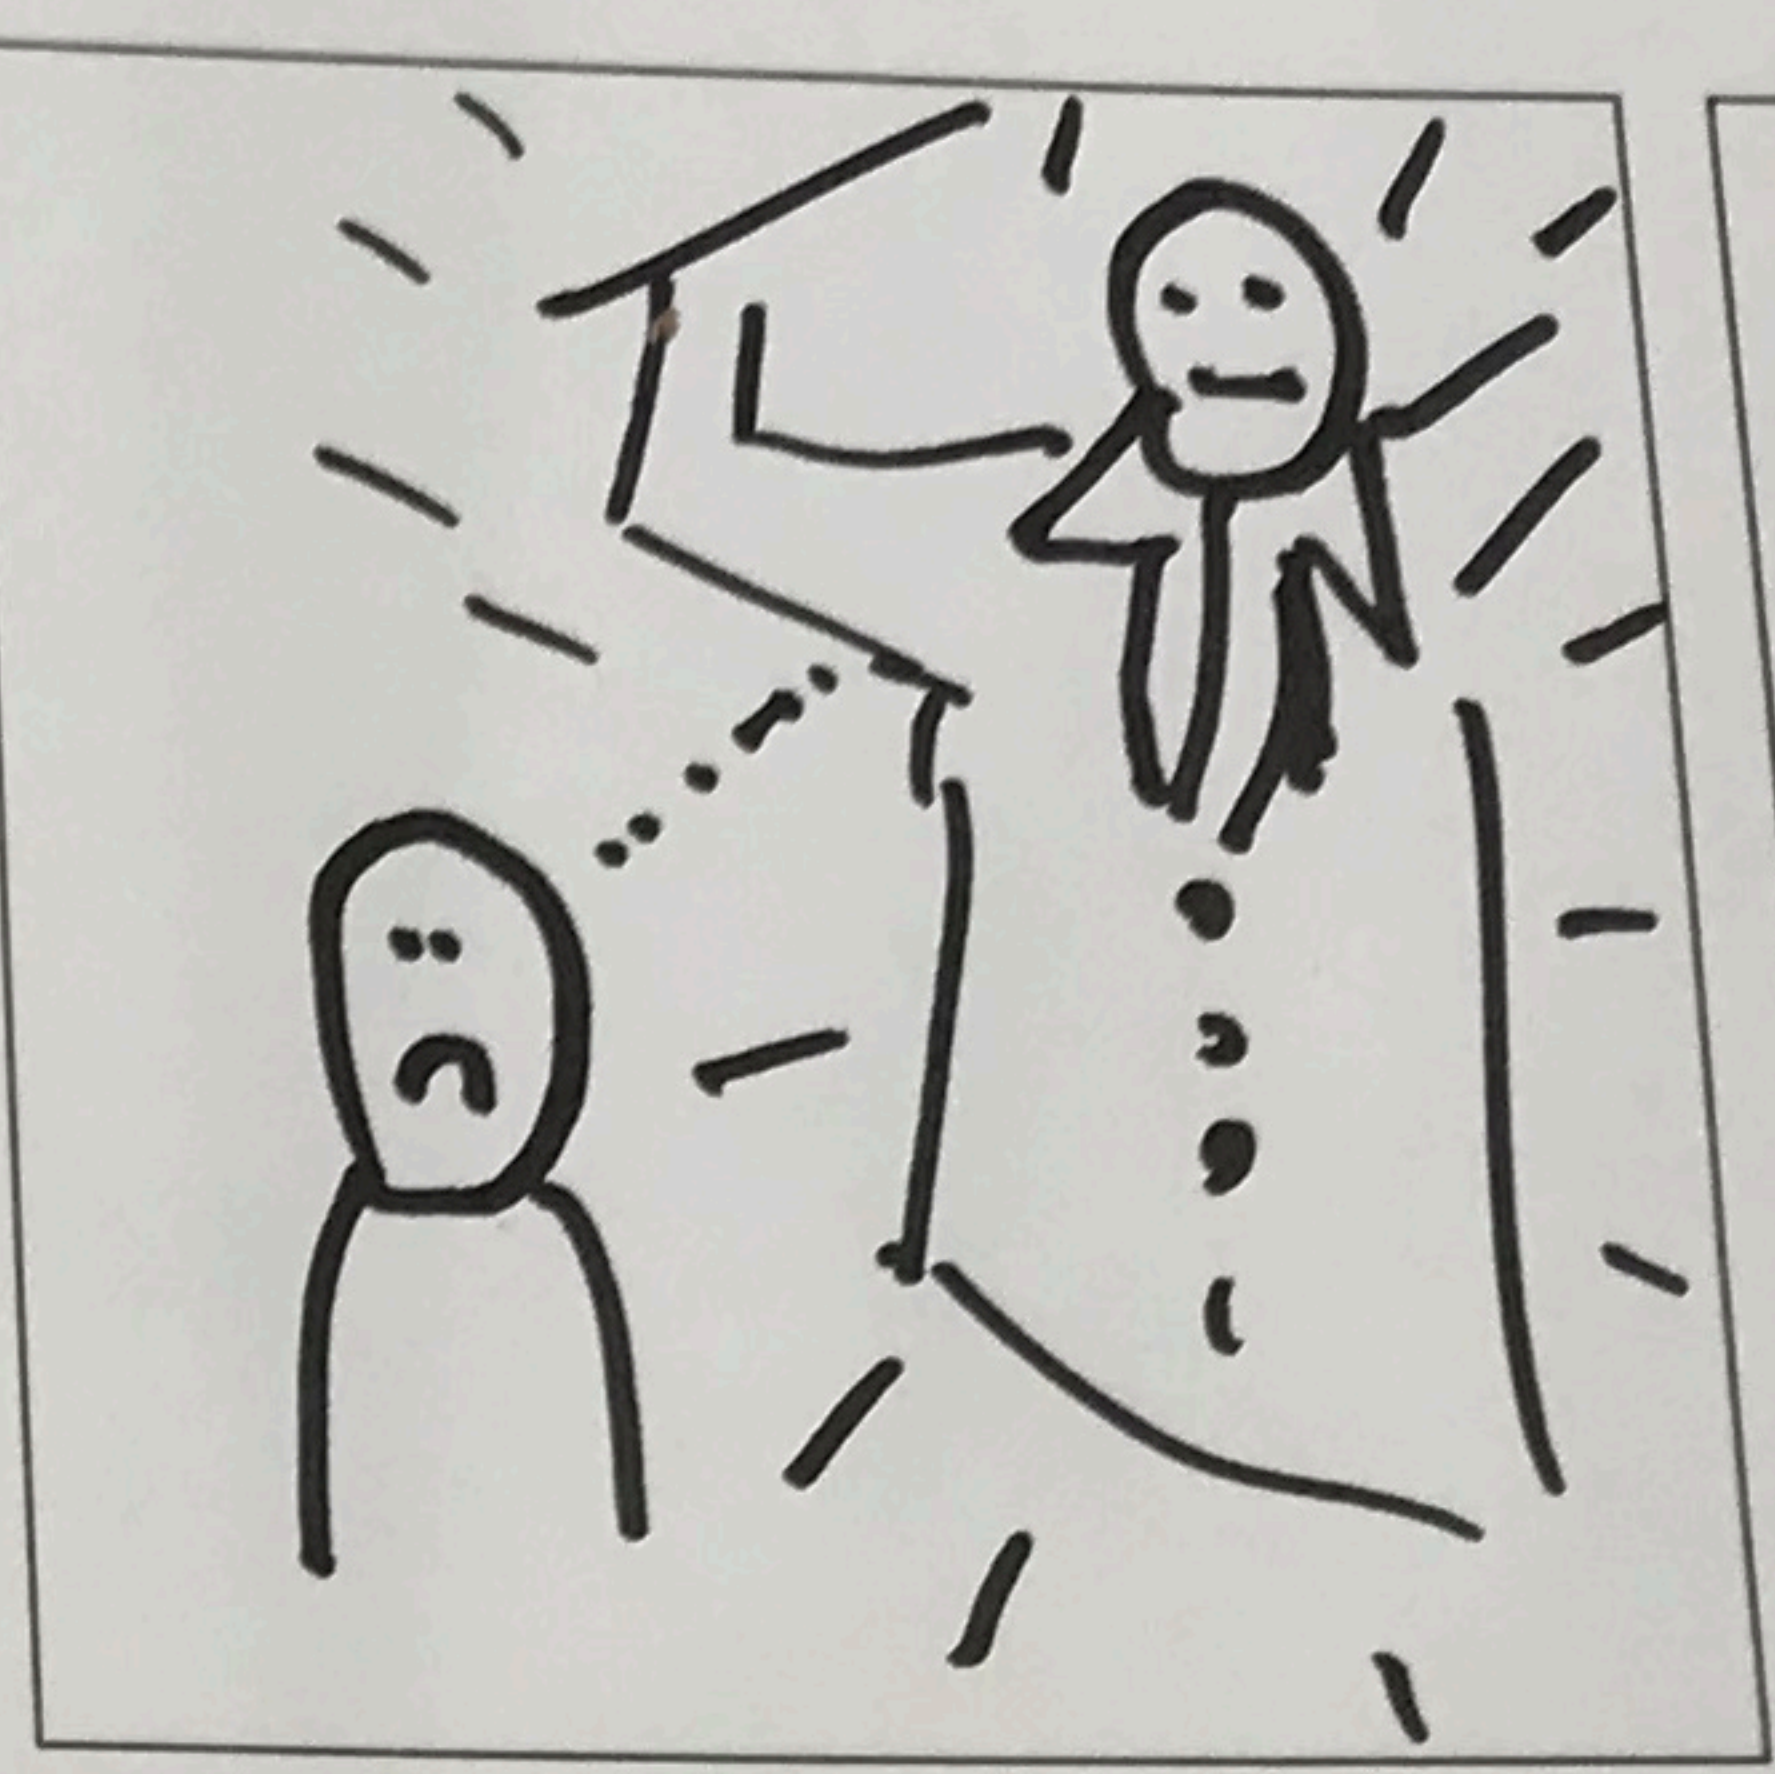

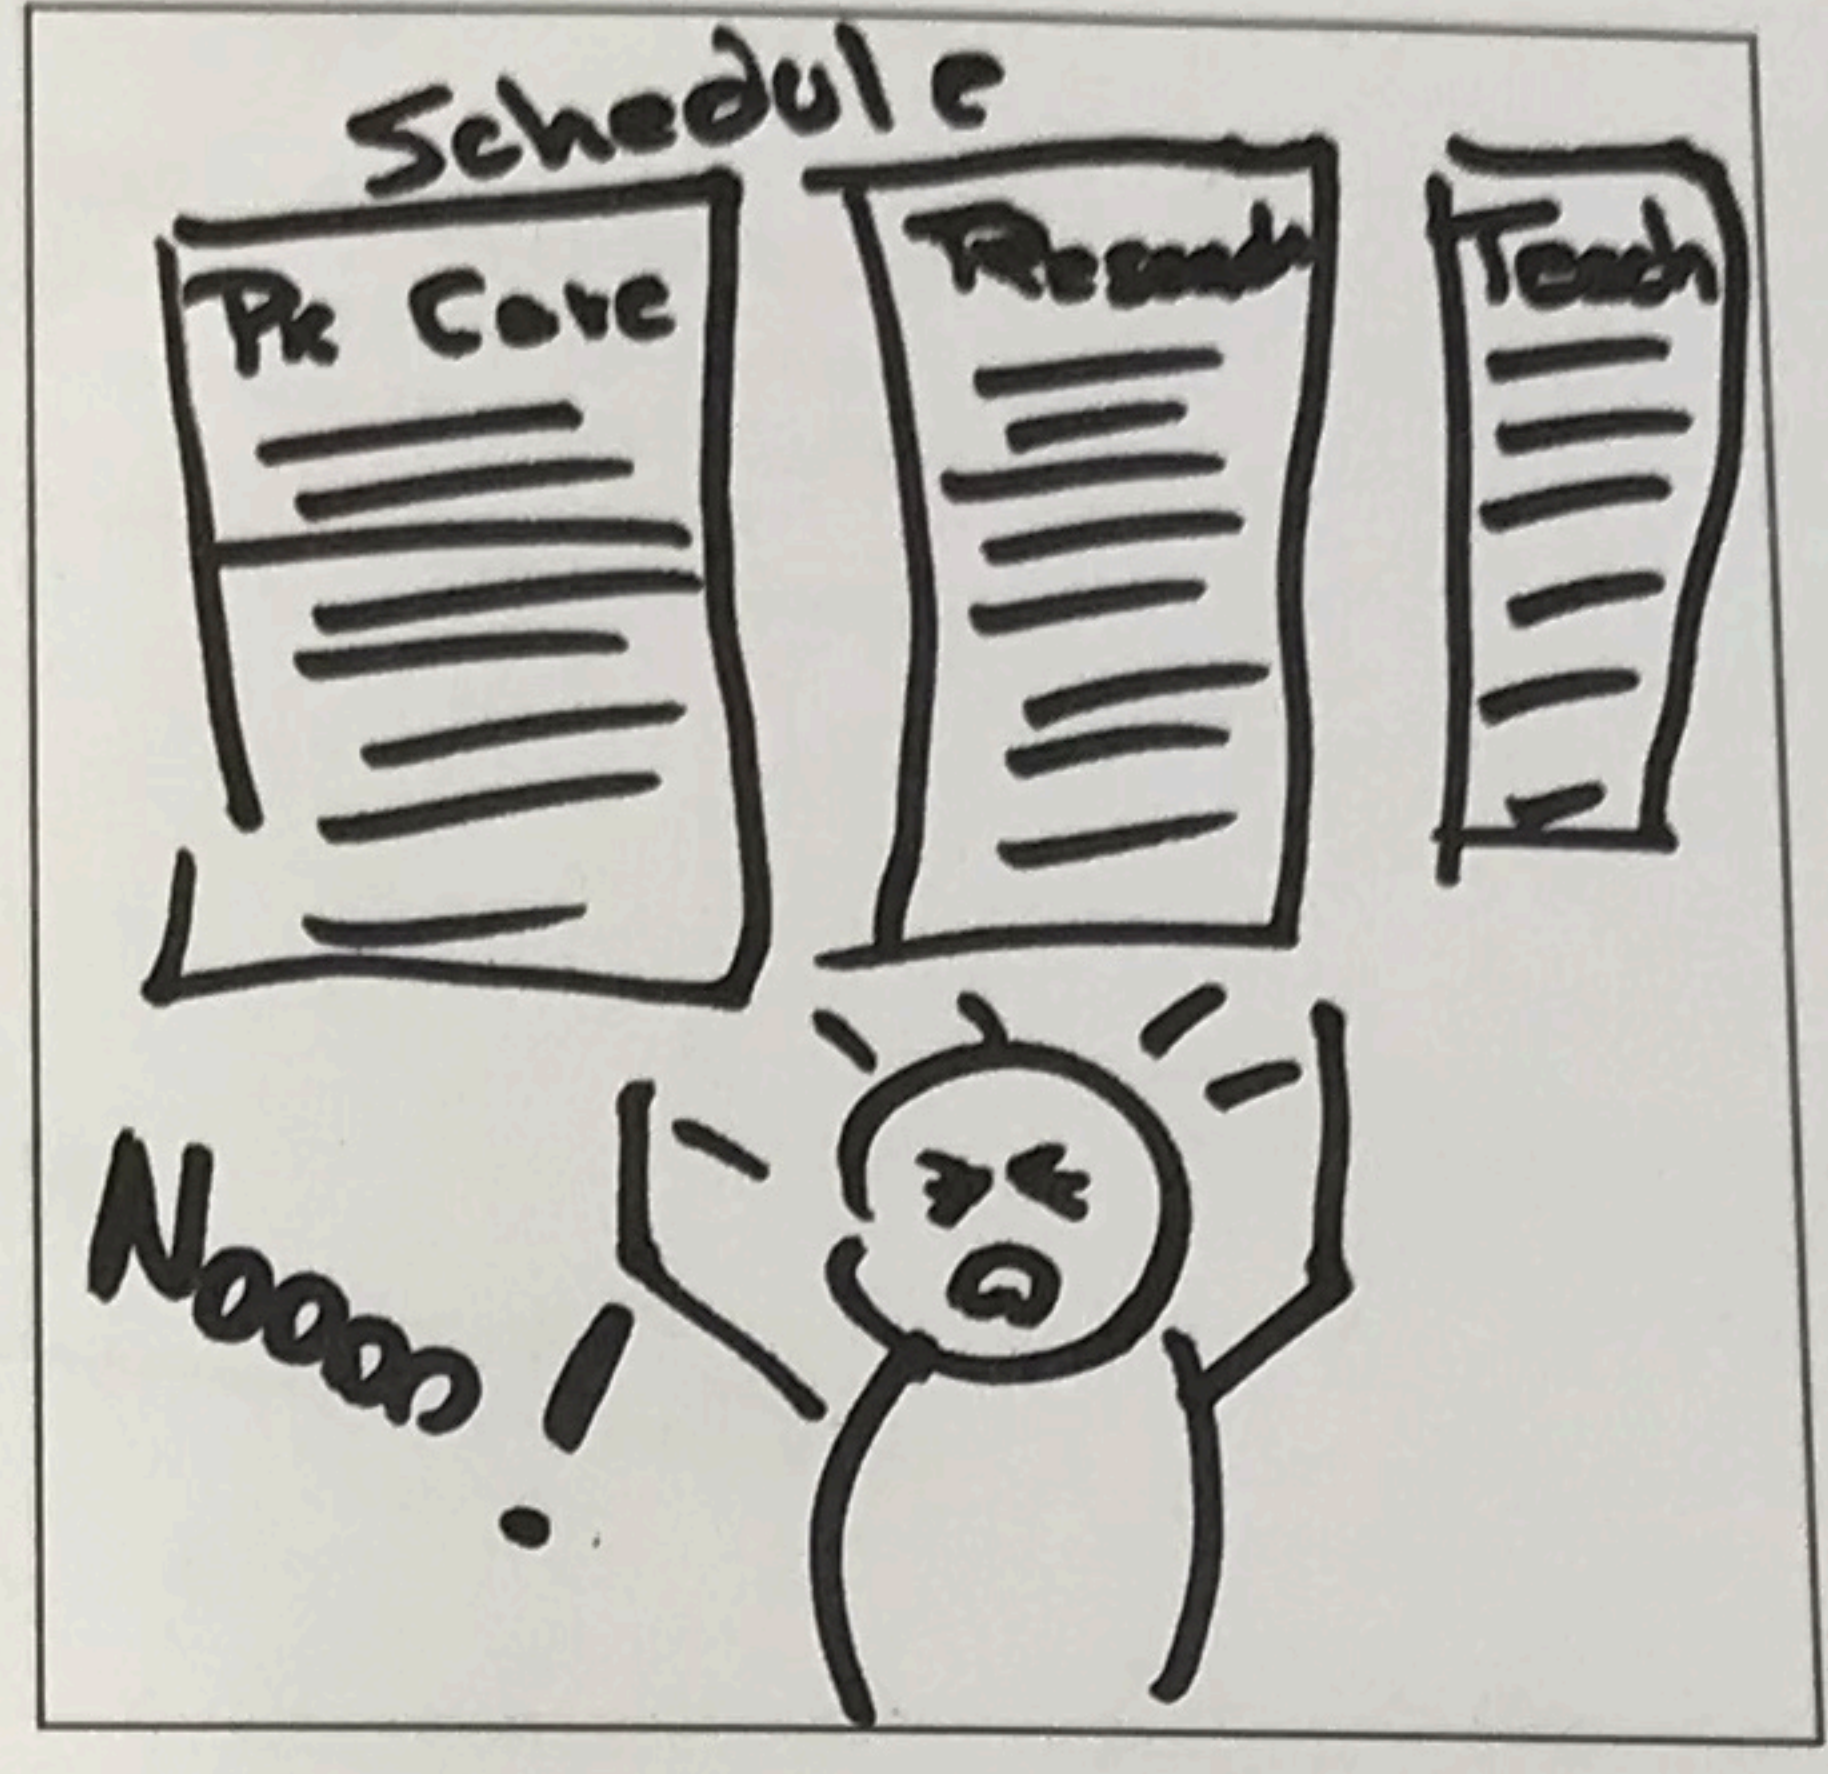

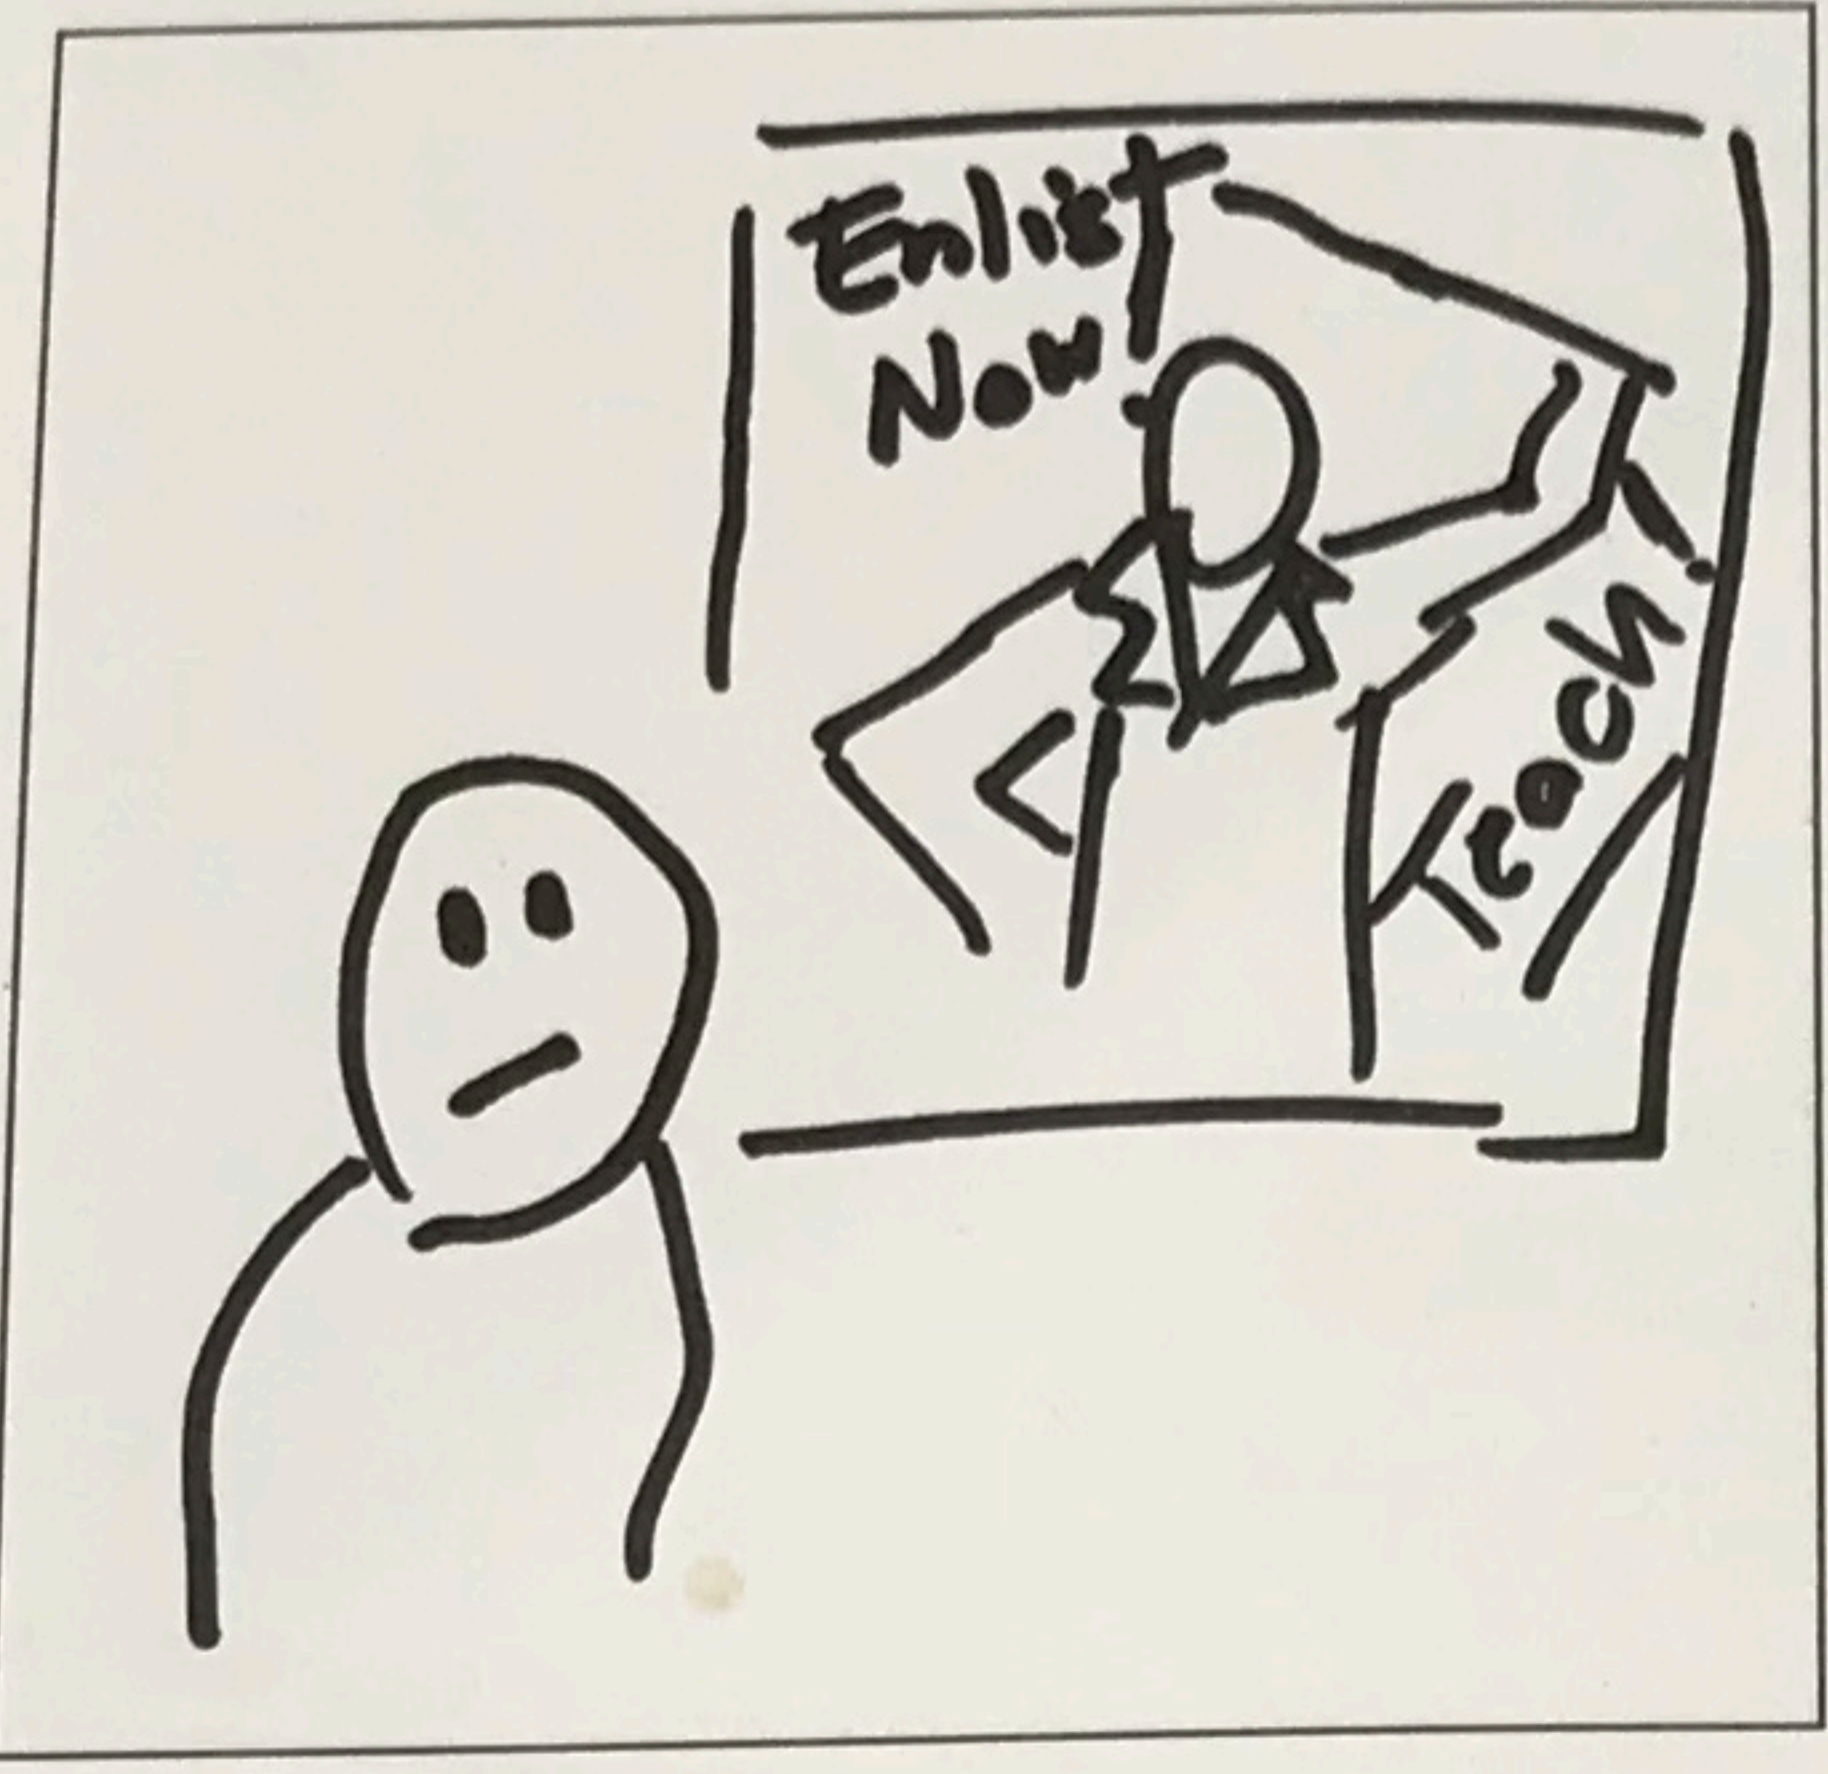

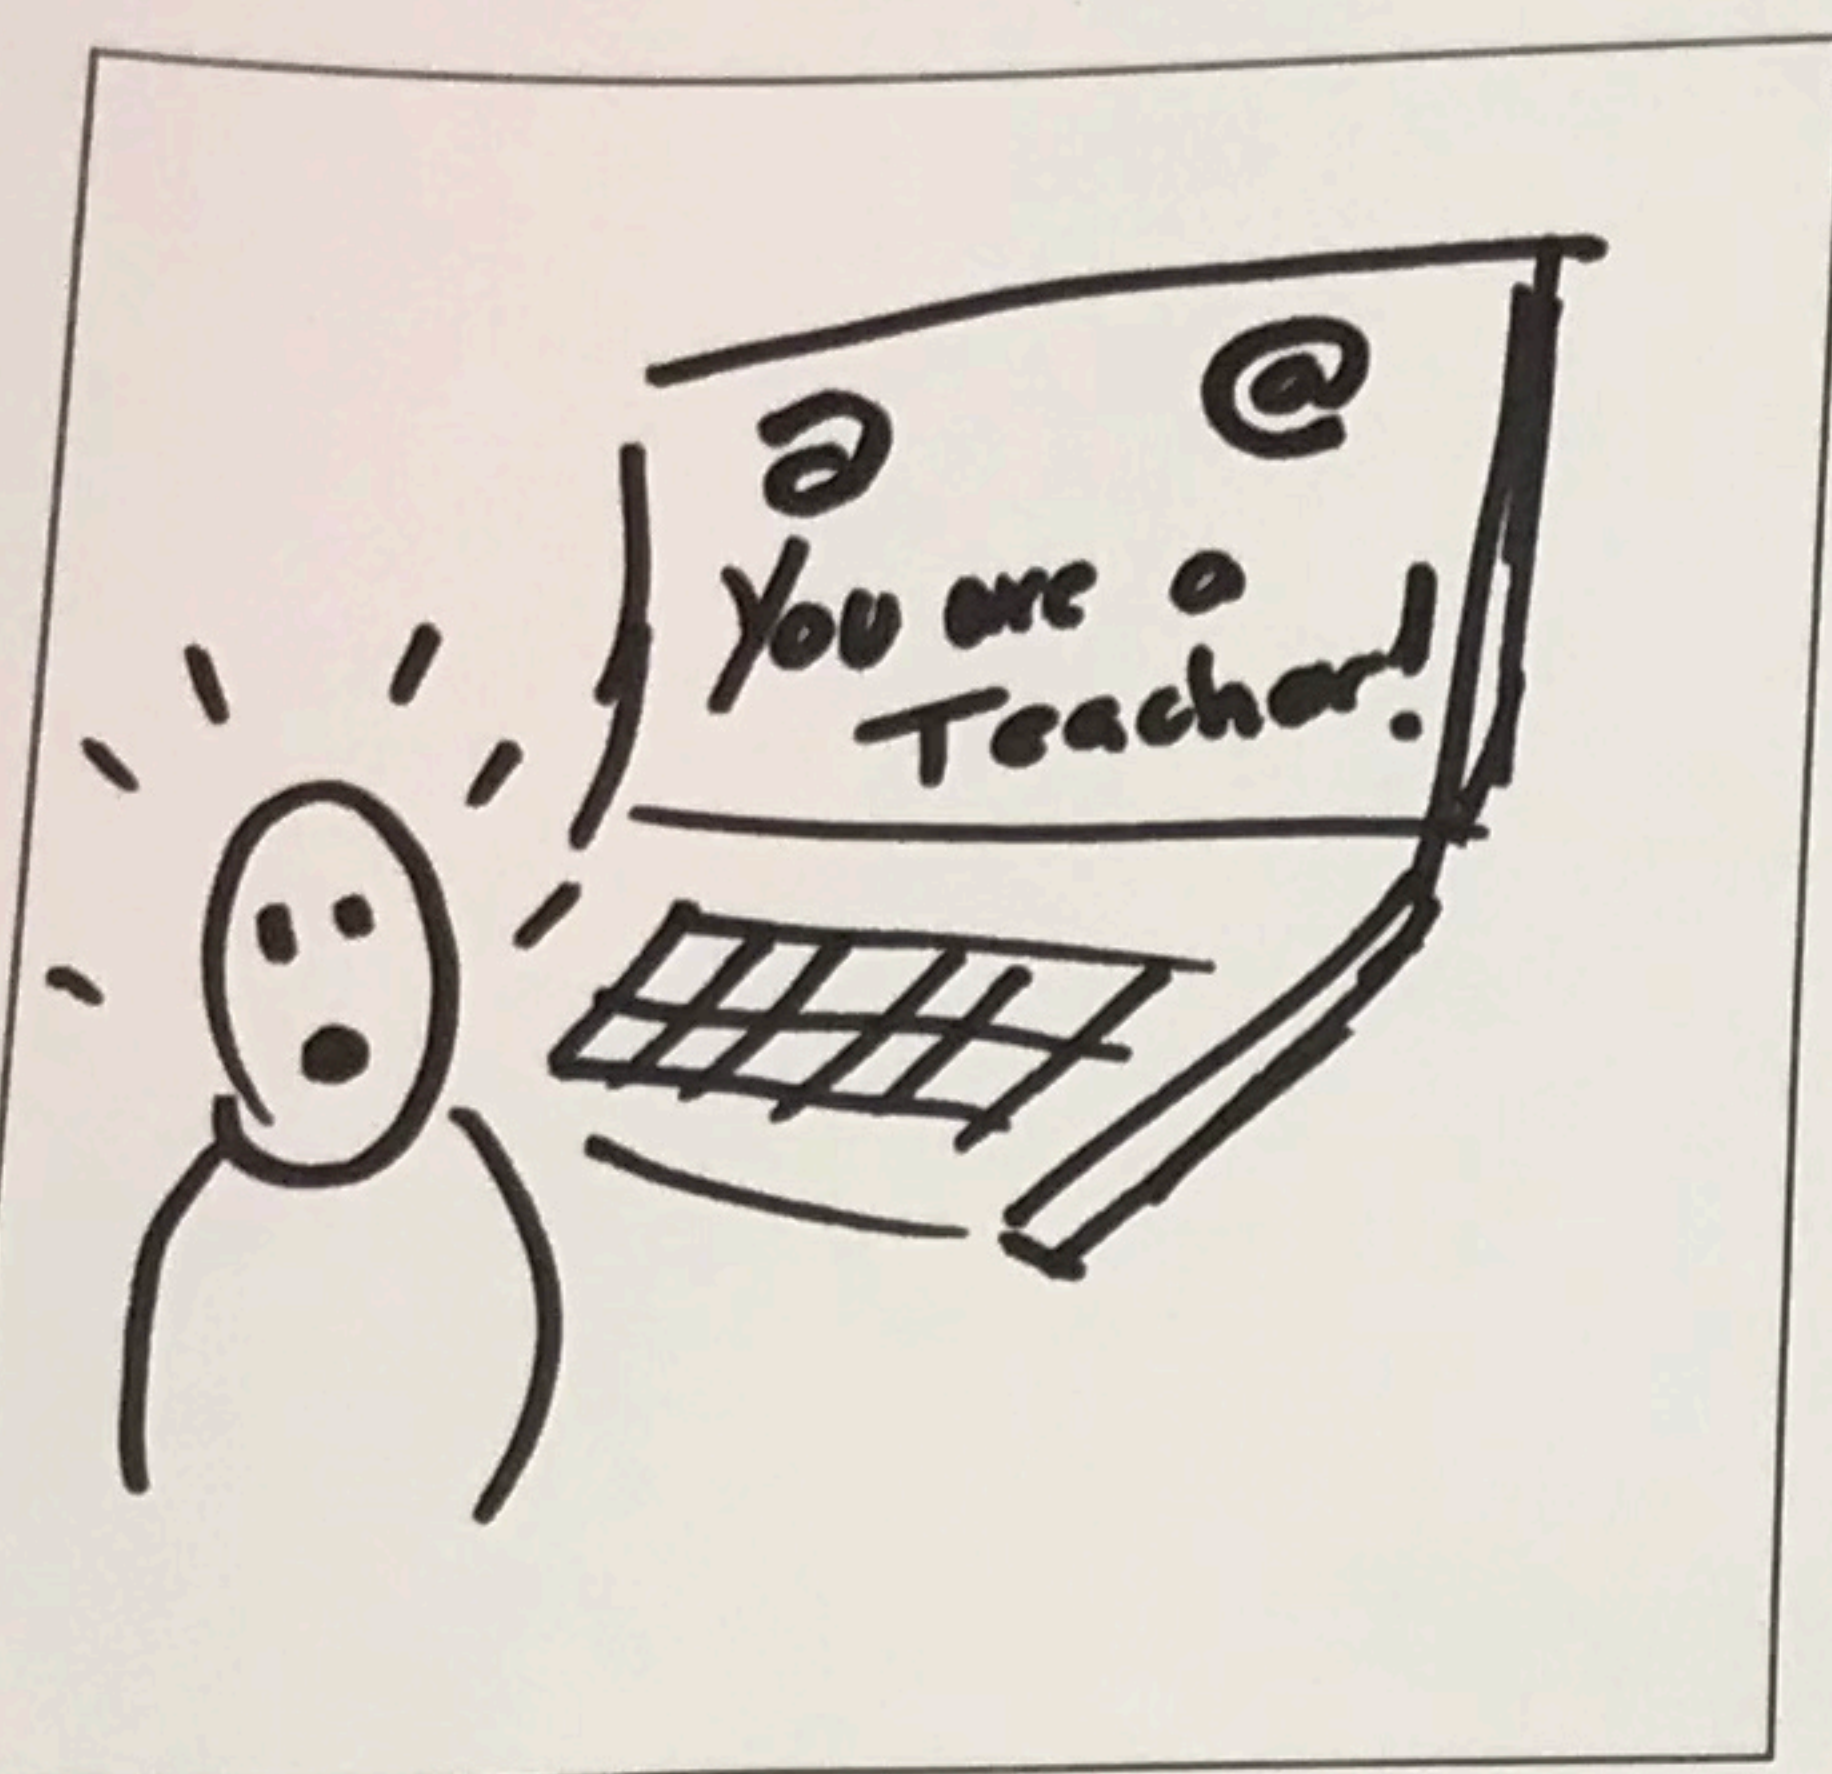

Develop

Are there other things that might happen?

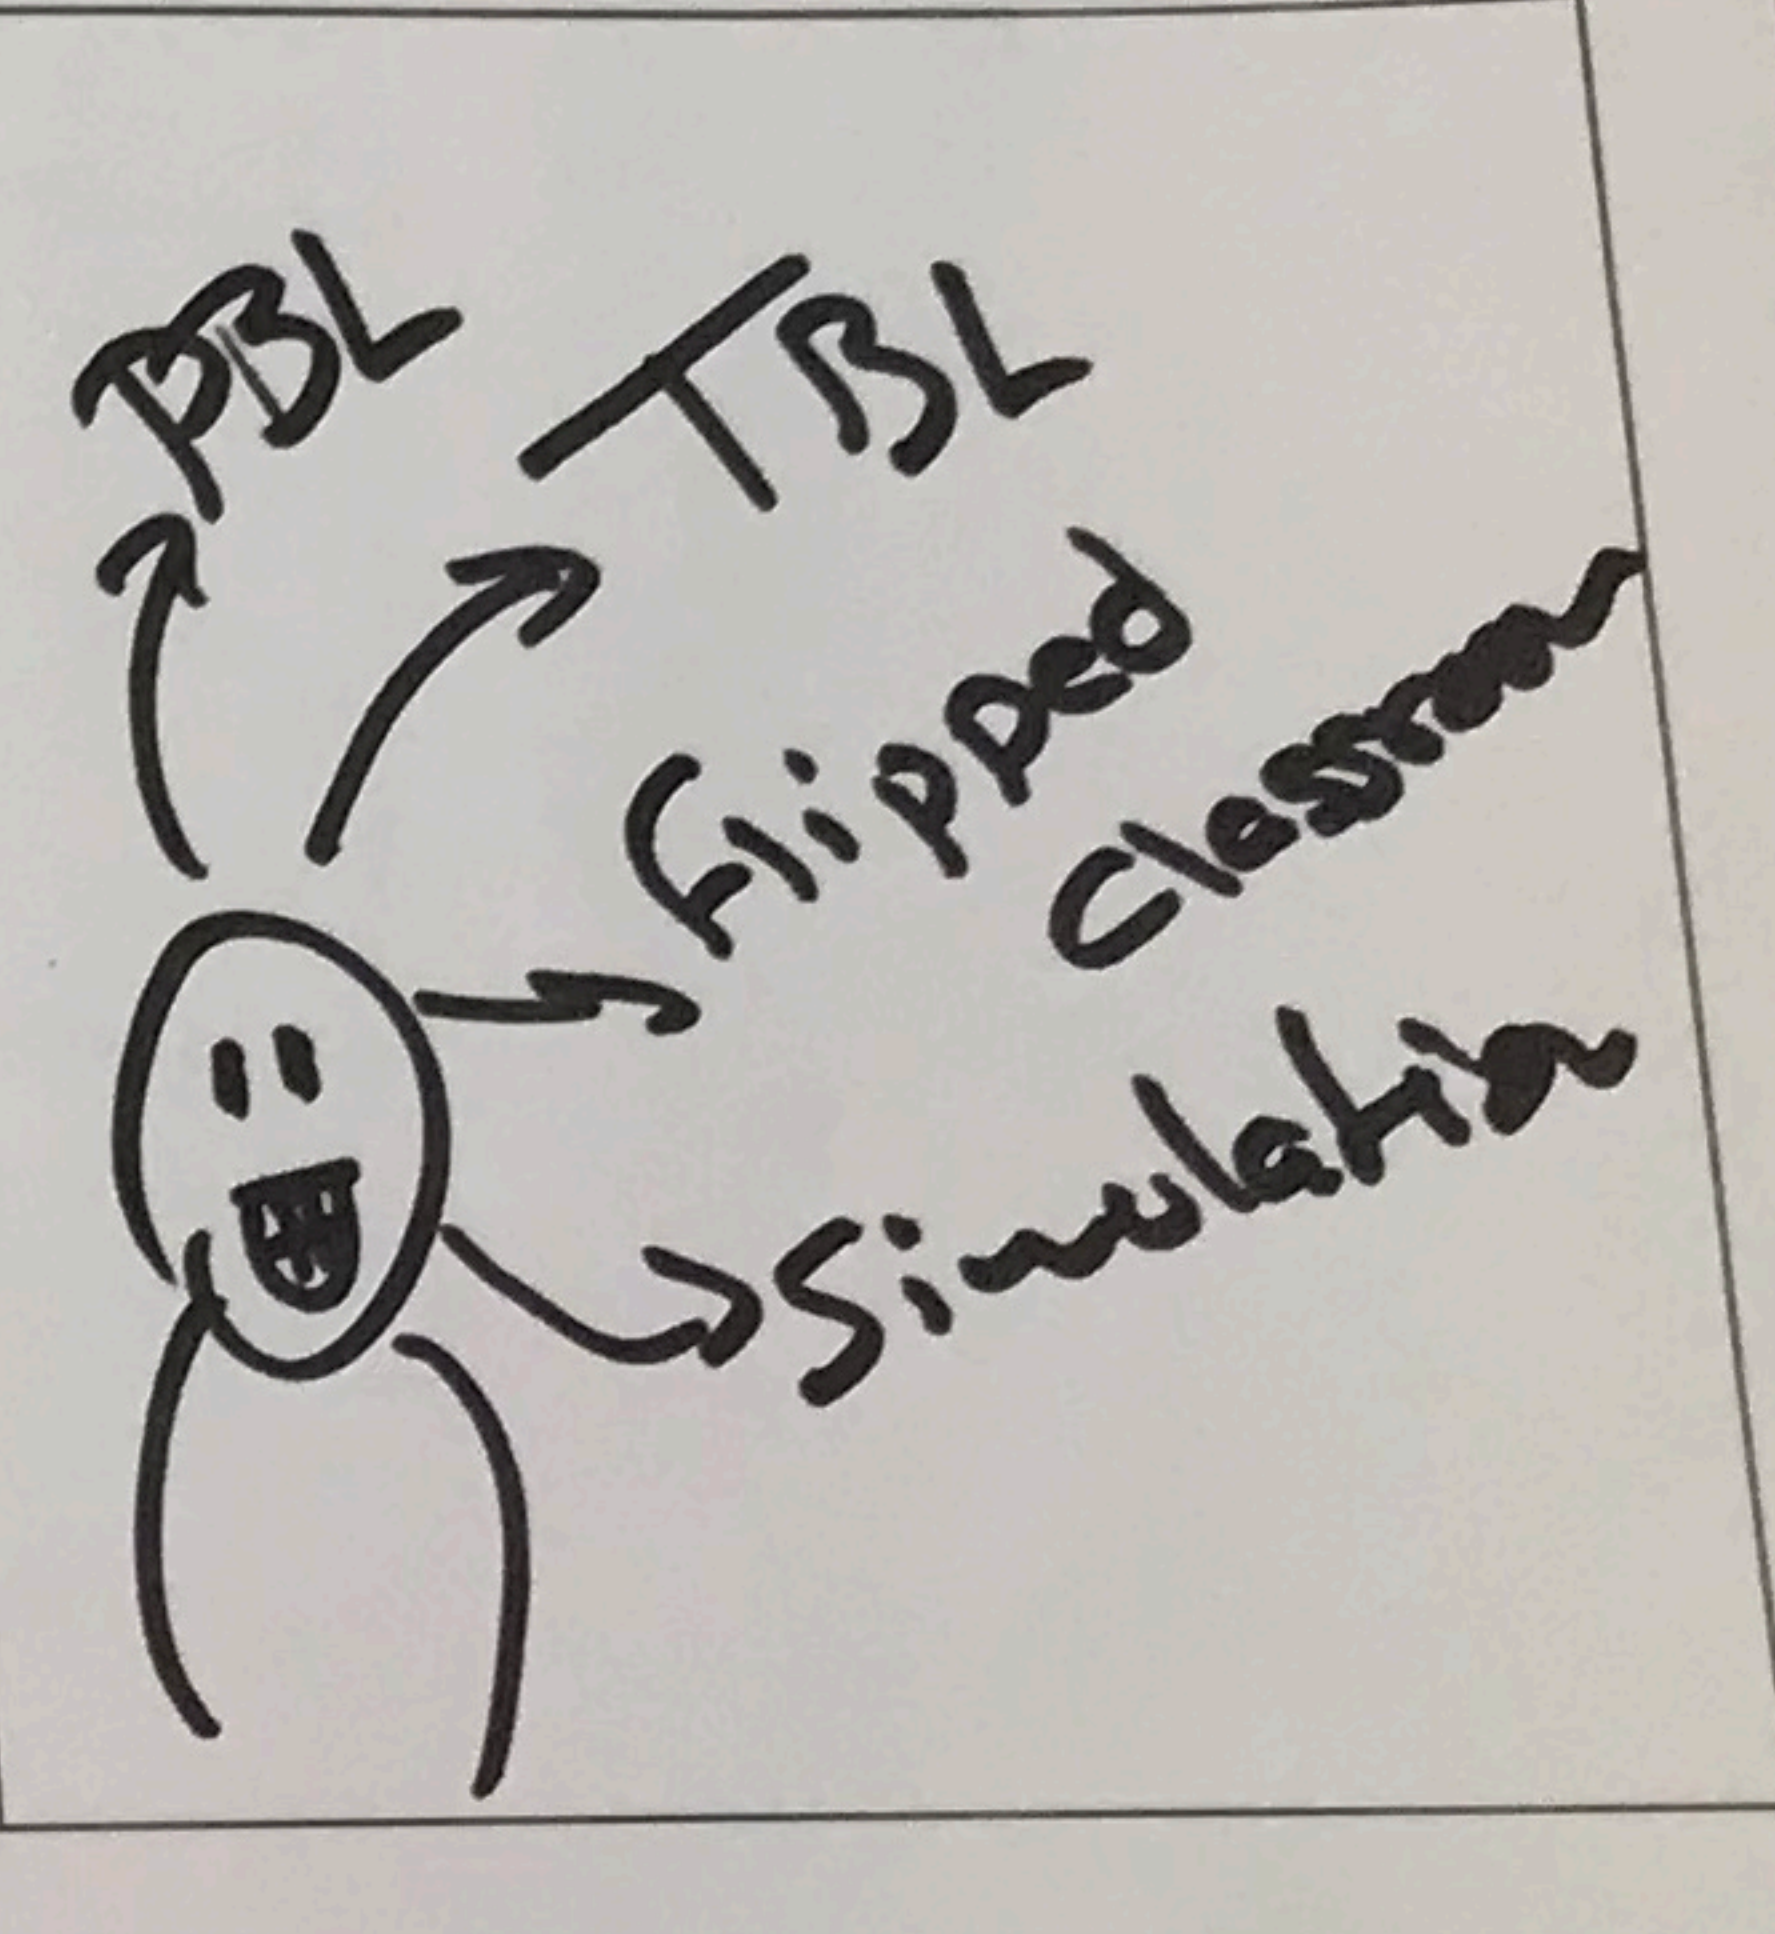

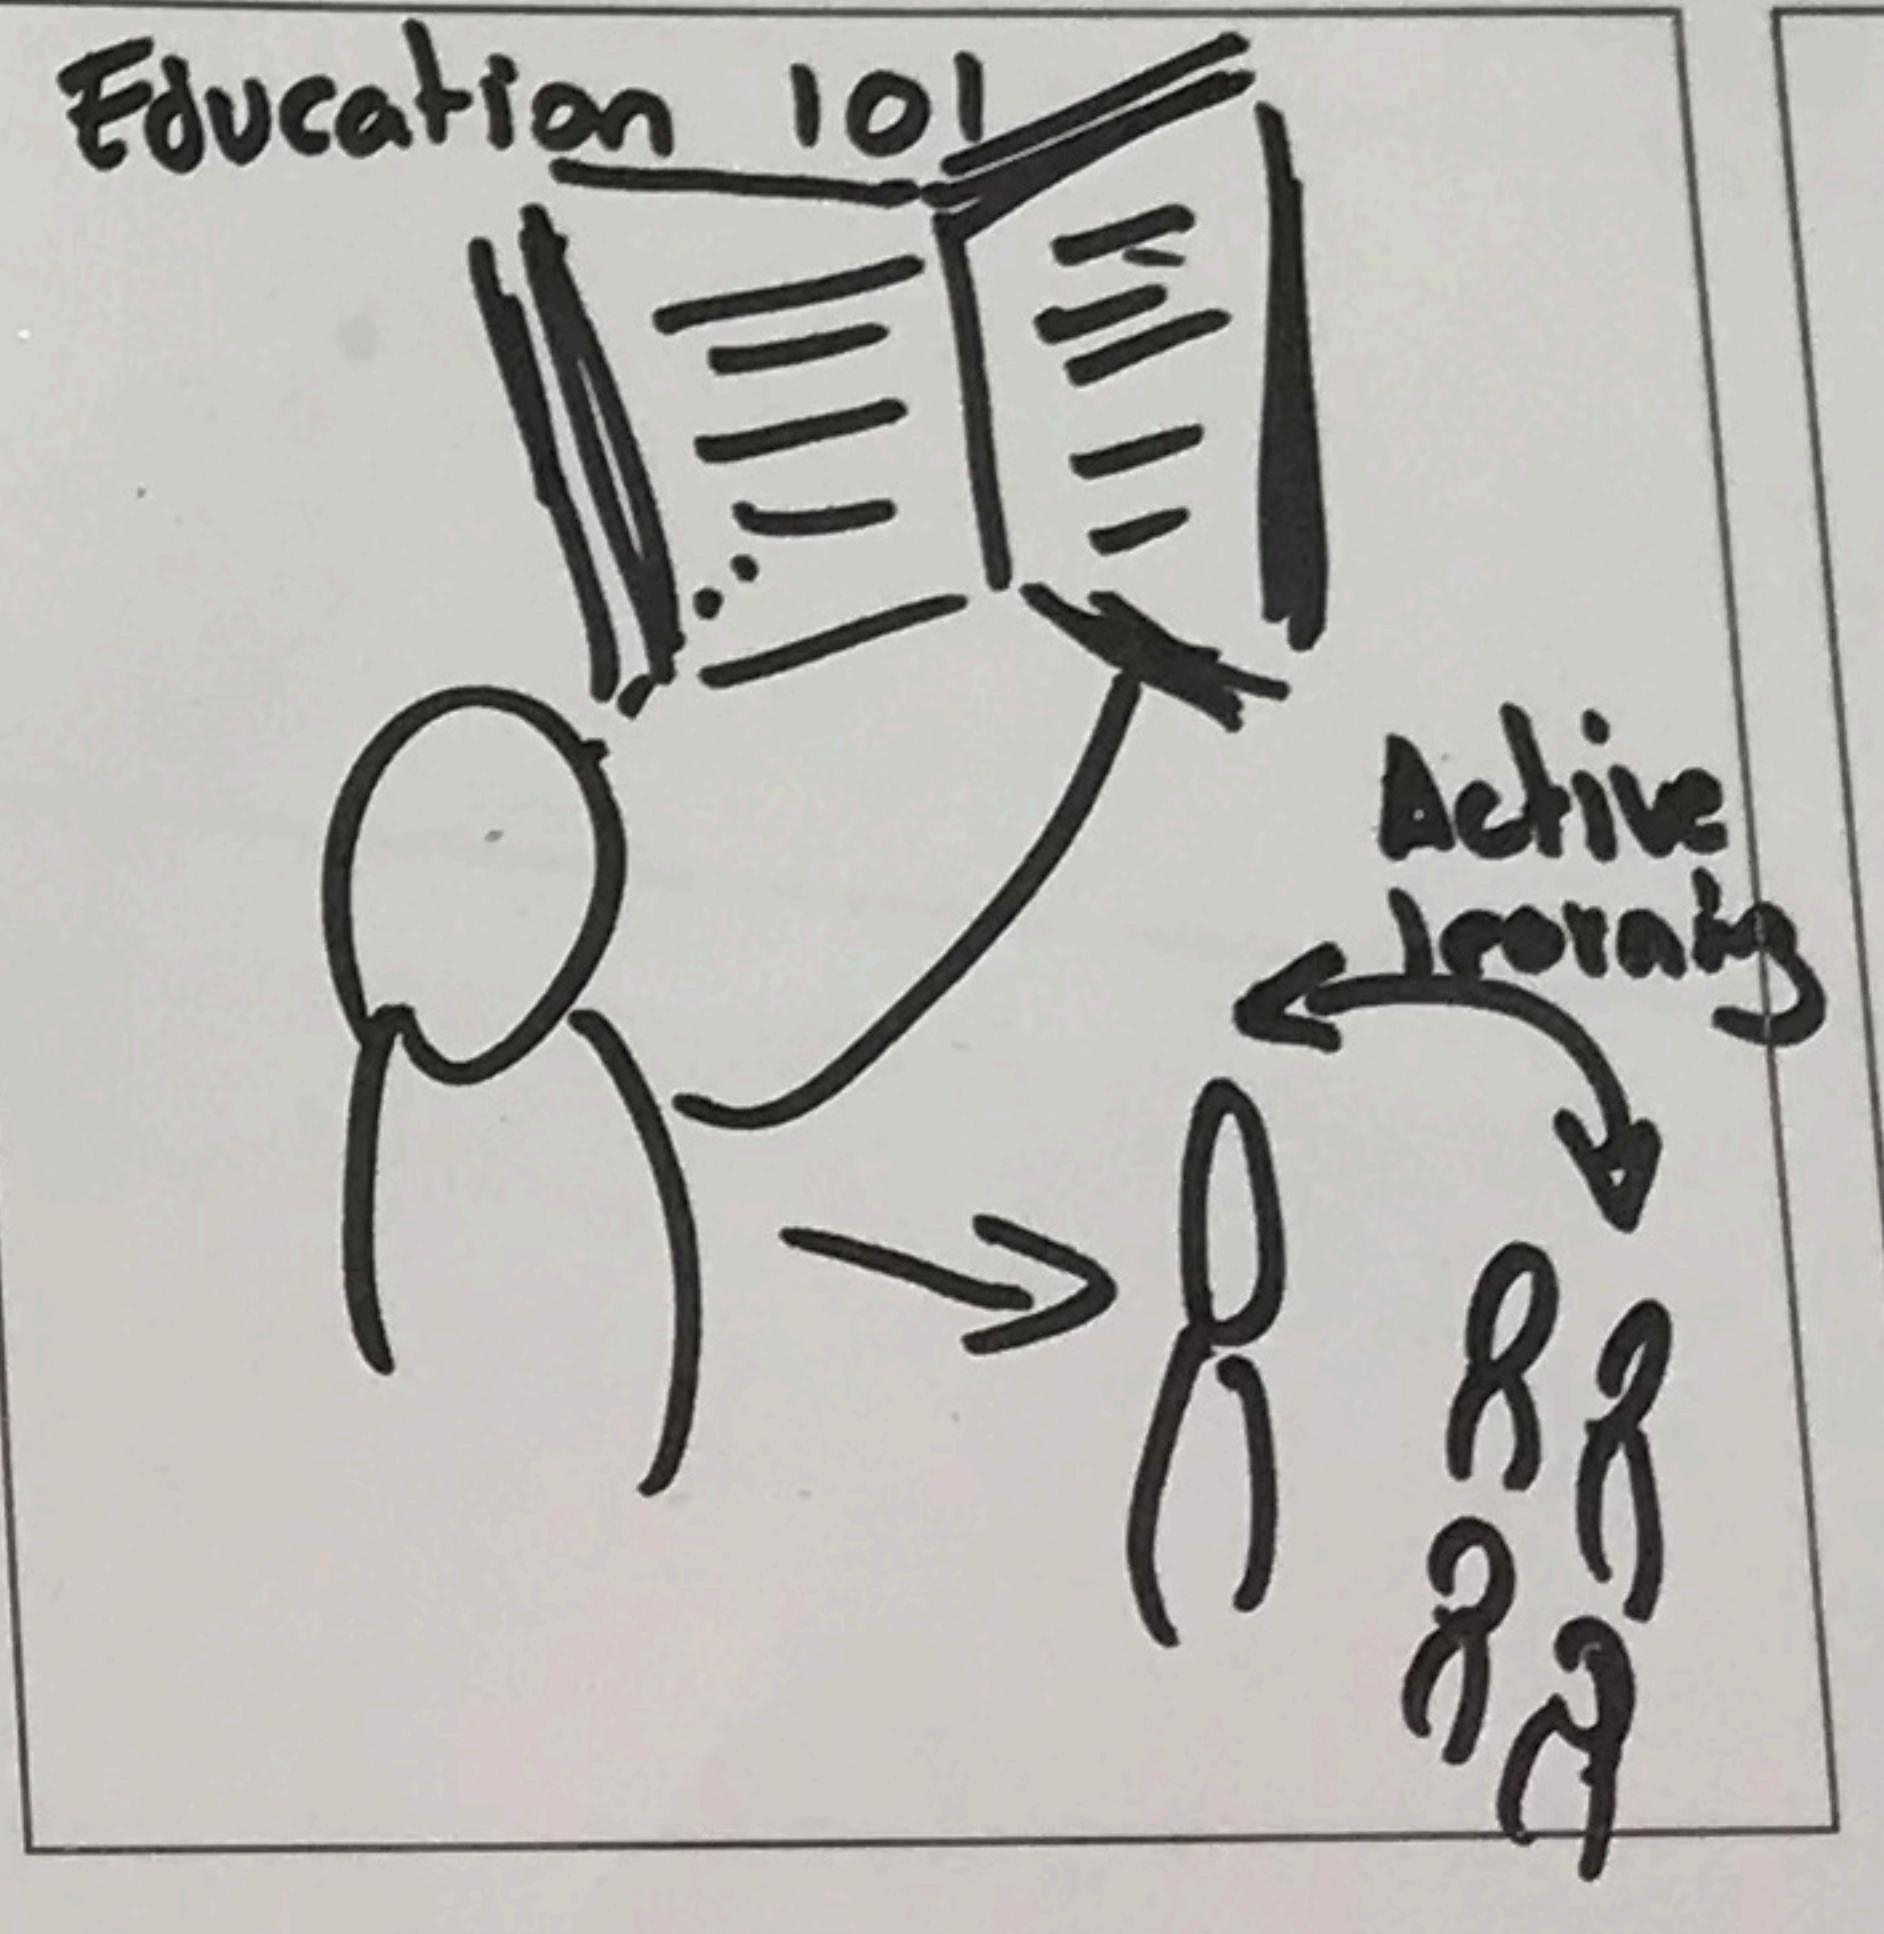

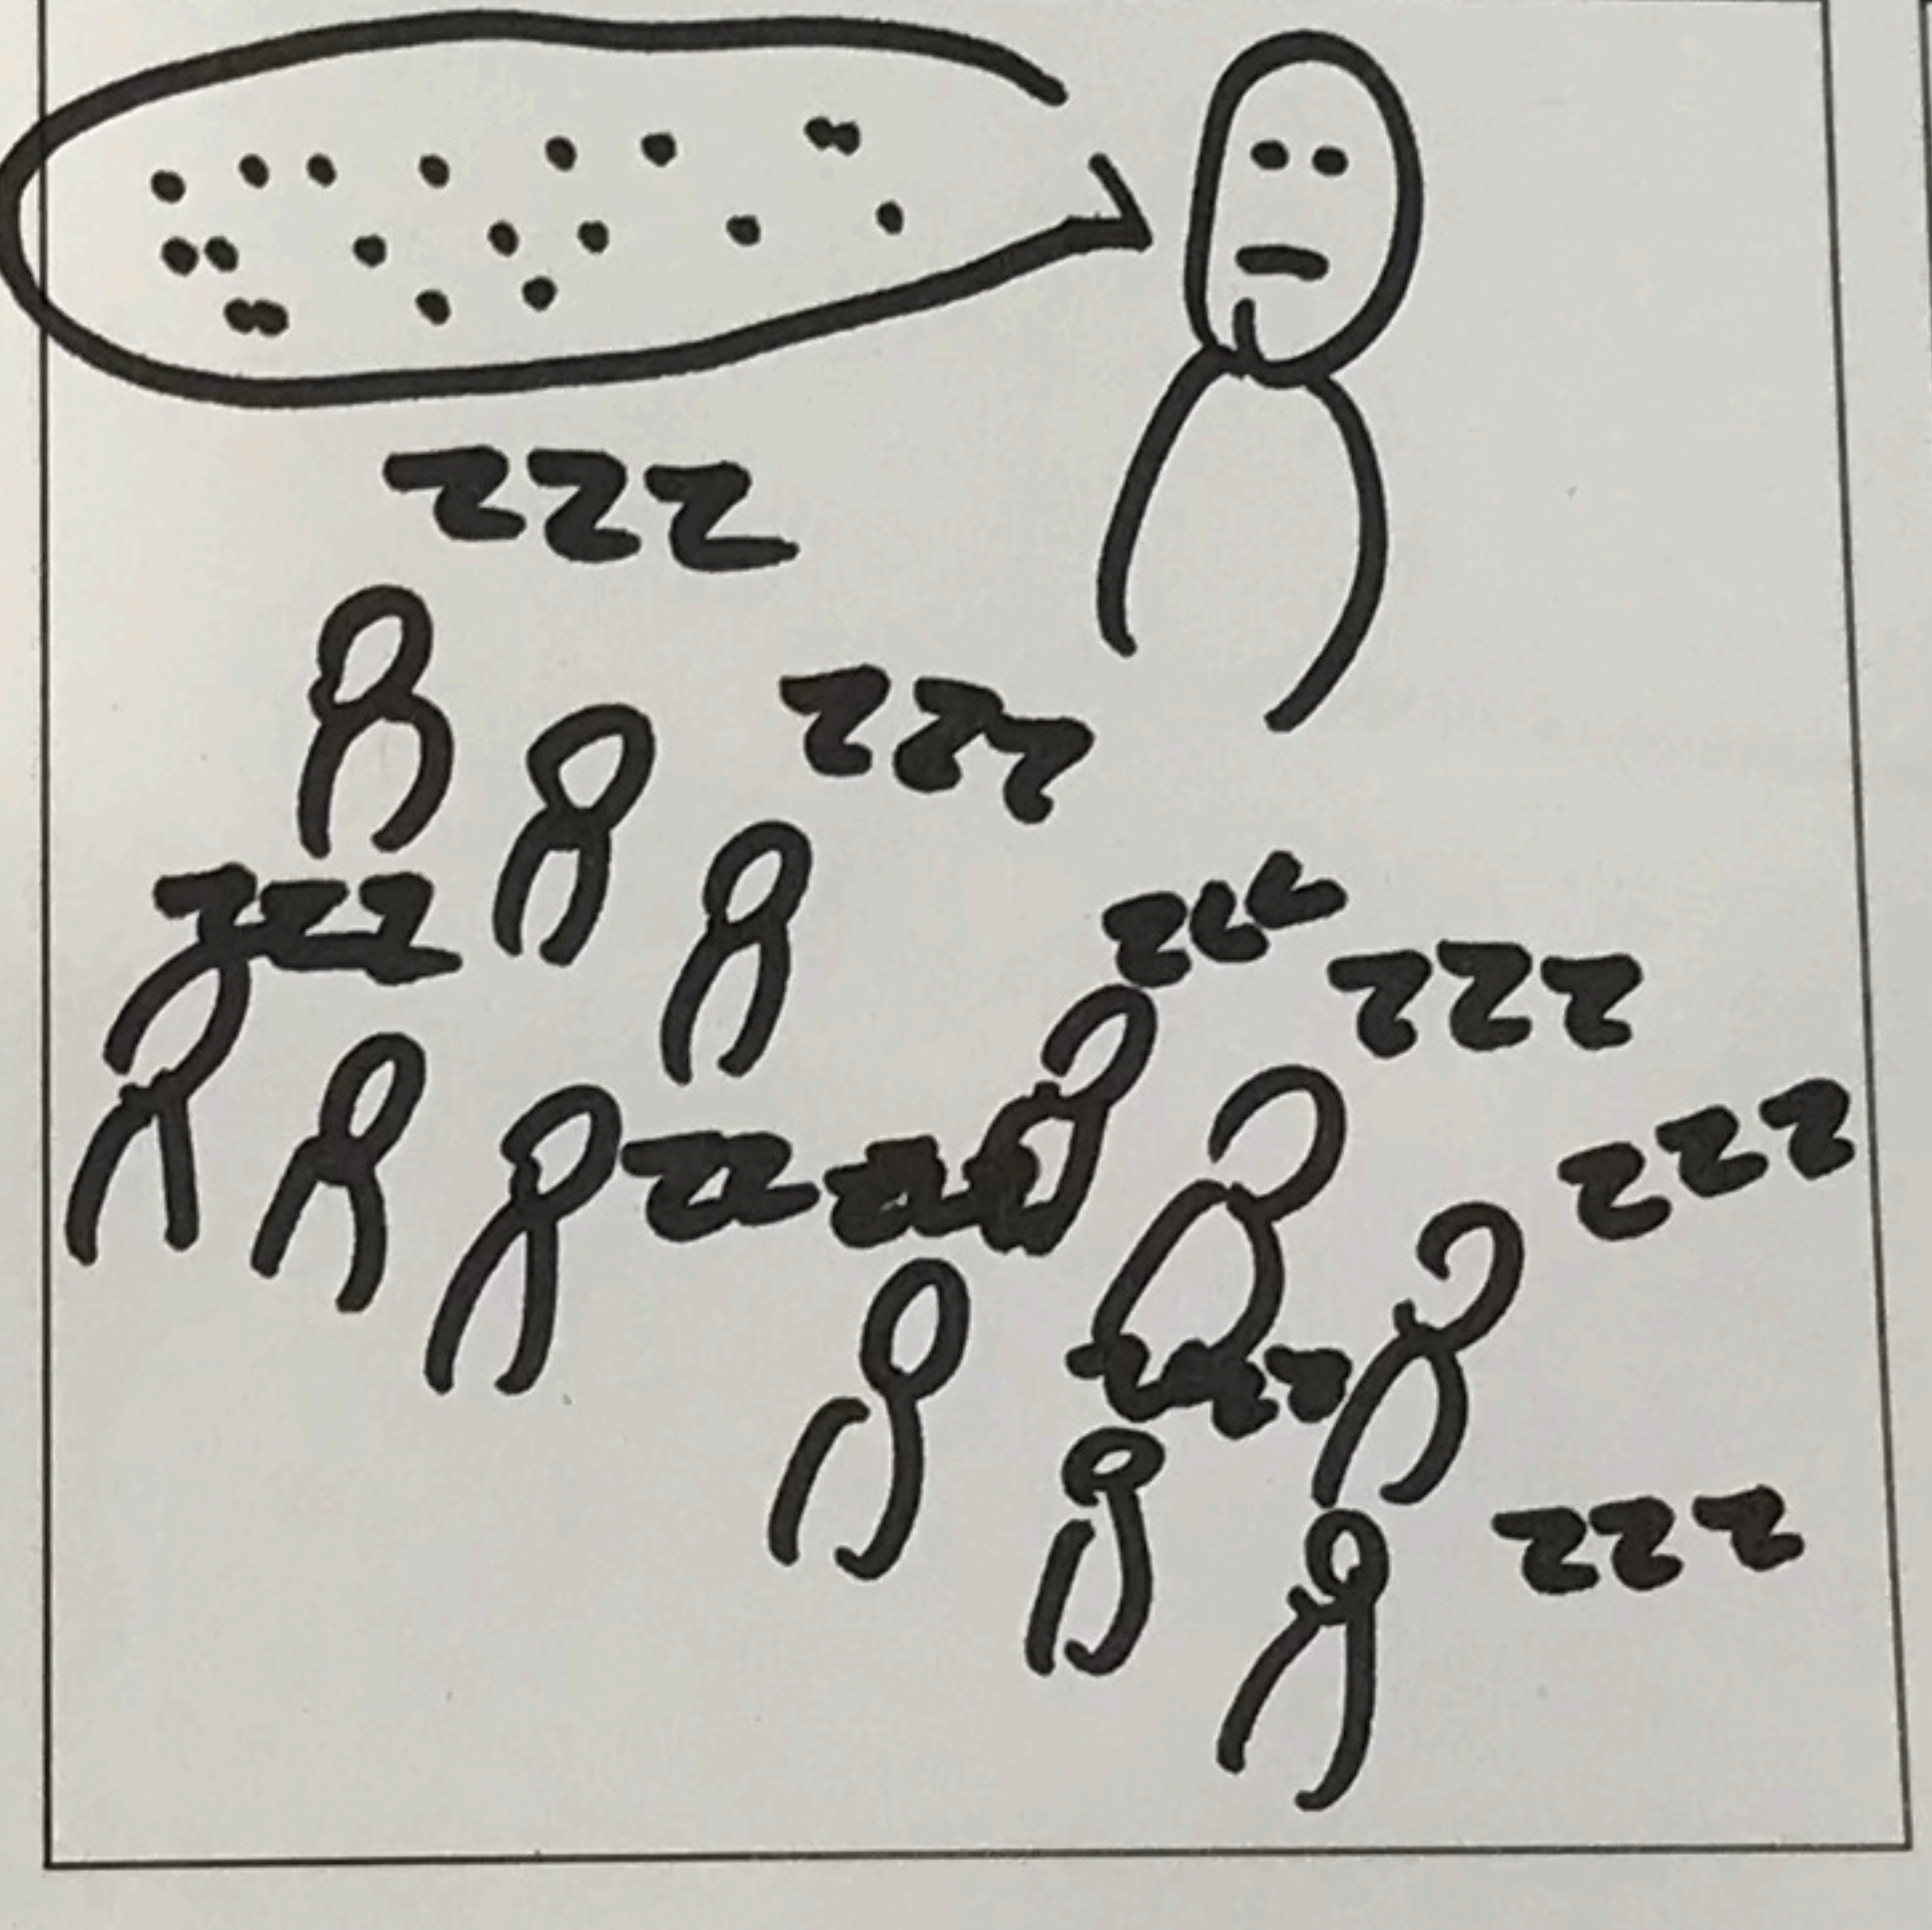

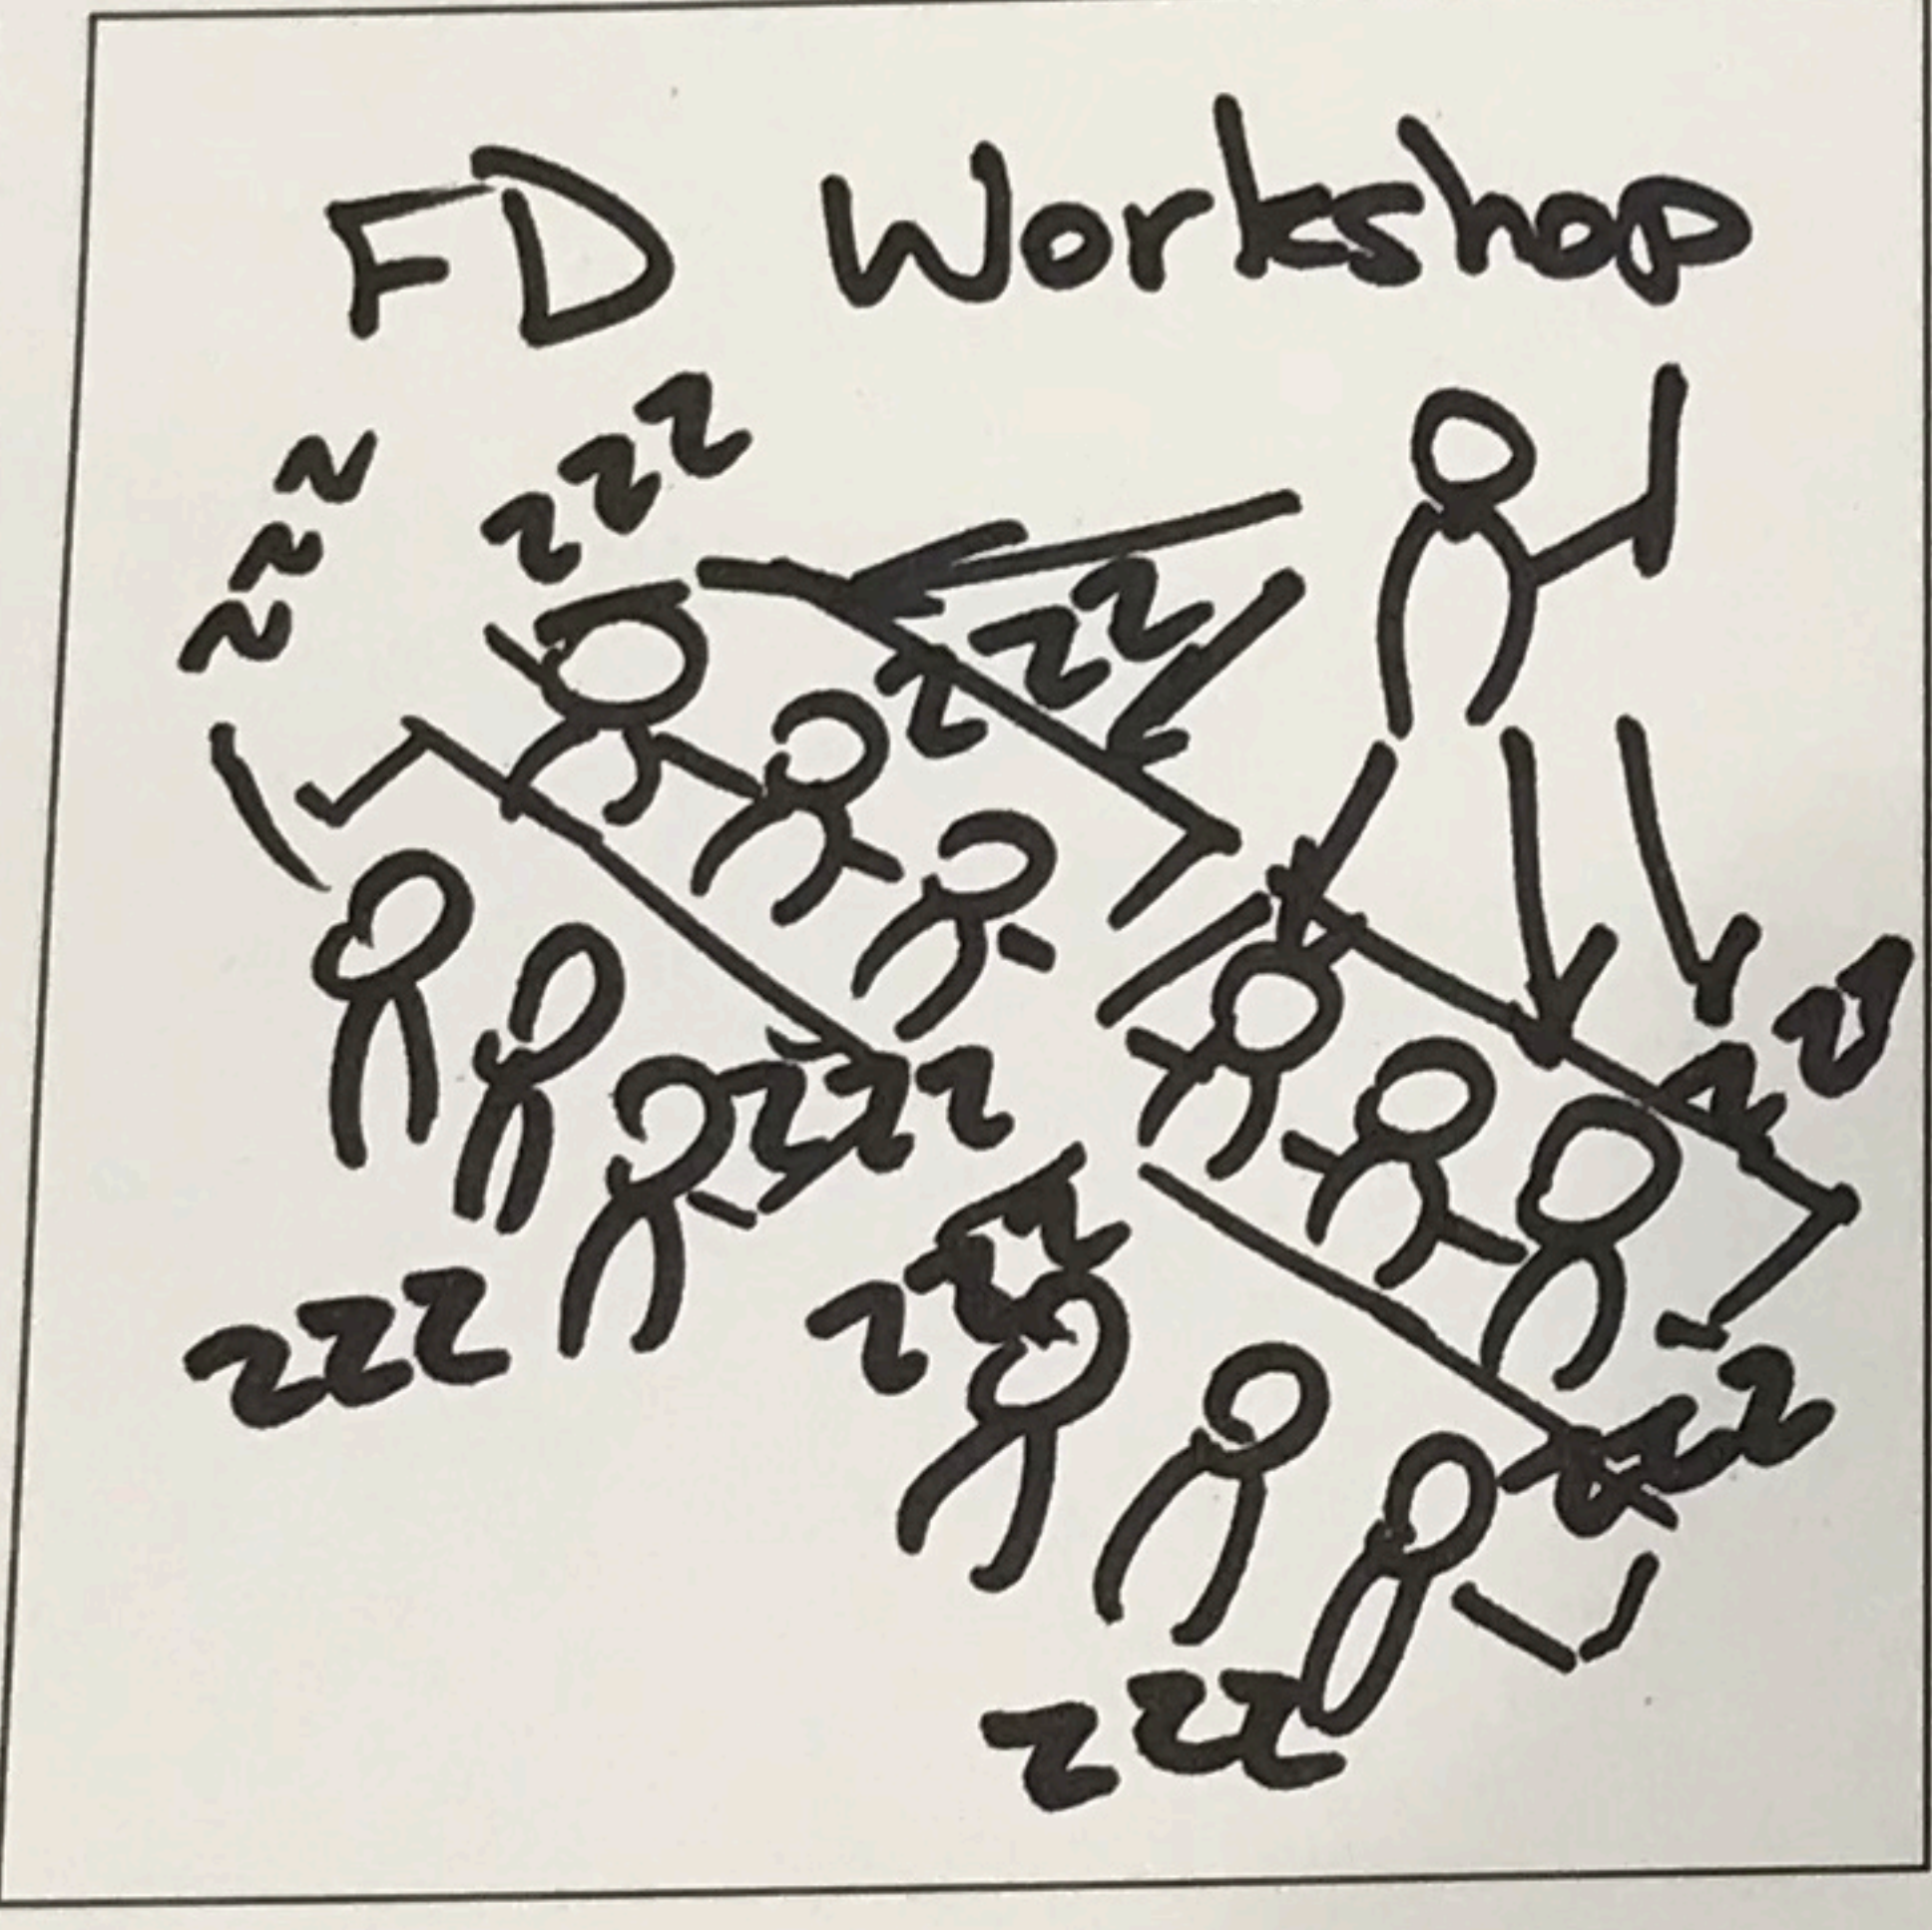

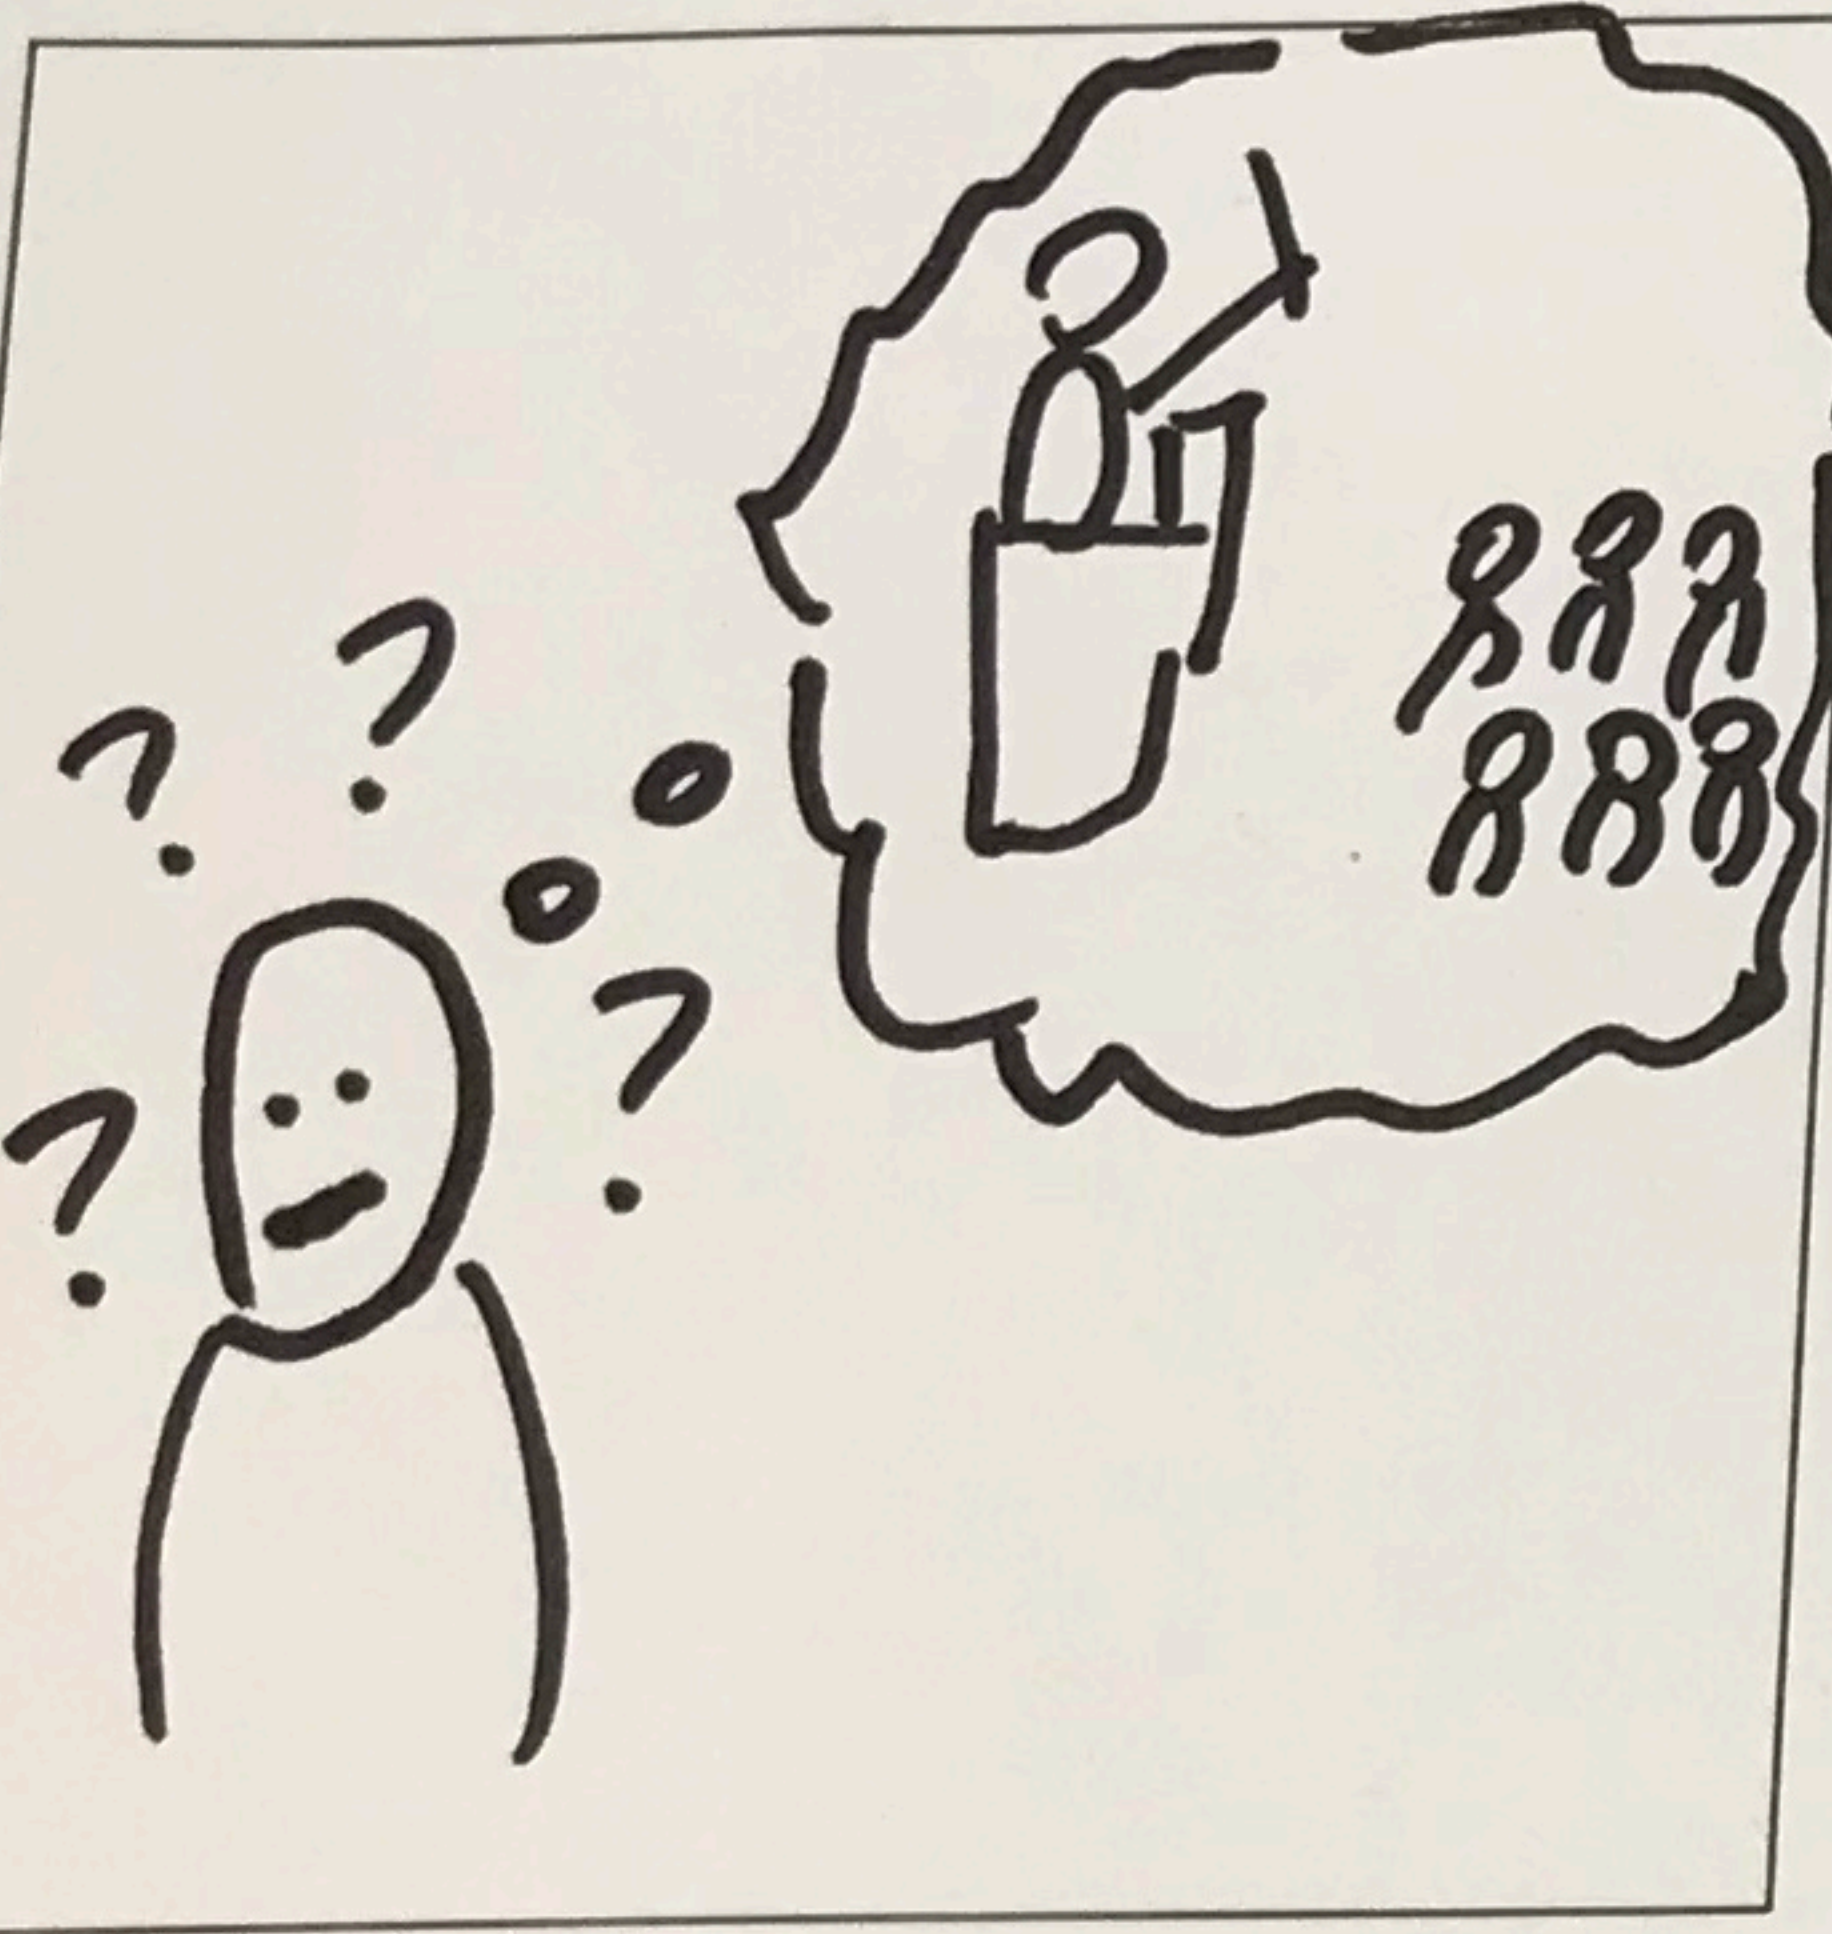

Transition

Can students/teachers continue to be involved?
 How does it link to transition to practice?

Channel/s
 means of communication

Context
 Whats going on

Satisfaction
 how do they feel
